"THE NEWSPAPER BOY."

If you take a daily paper,
You have troubles of your own;
You must hunt the place all over.
For you can find where it was thrown.
For an hour I have waited
Till I hear the paper snarl,
But on going out will find it
Over in my neighbor's lot.

On another like occasion
I will hear a little thud,
And on going out will find it
Safety anchored in the mud;
Or may it hang safely
In the woven wire wof,
Or, perchance, it went up higher,
And is resting on the roof.

First I look around the doorway,
Then I hunt the yard a spell,
Then I look among the bushes,
But I find it in the well.
I am constantly expecting
It will break a window pane.
But it's rarely in the garden
If there's been a snow or rain.

Then I said, "My boy, I'll fix you,"
So I made a box for it,
To be put in very safely.
But I found it in there "nit."
Then I gave the boy a scolding,
When he said, "I bet my sox
That right on and ever after
You will find it in your box."

Still, when he is in a hurry
He will fling it on the ground,
Then I have a time of searching
'Fore the peky thing is found.
During all this time of seeking,
And my reading is deferred,
Till my patience is exhausted,
'Fore I get to read a word.

This it goes on everlasting;
He will promise to be good,
But I find I ought be thankful
If it's in the neighborhood.
So it is no use complaining,
But it surely beats the Jews
What a time I have with papers
Just to get the daily news.

When he escaped from the Pen Sunday night Tom Manns wore four suits of clothes and four shirts. THE LEDGER

A Welcome Guest In Every Home—Everybody Reads It

Yesterday afternoon Mr. John Roper was sitting in the C. and O. Tower-house at the Fairgrounds talking to the operator, Mr. Andy J. Boyd, when three men, two white and one colored, passed by.

Mr. Roper having read in THE LEDGER of yesterday morning's issue a full description of the Carlisle fugitives, immediately recognized the three as the escaped prisoners.

Calling Mr. Boyd's attention to that fact, the operator called up the C. and O. office in this city and imparted the important information.

Mr. Wikoff called up the Chief of Police, who immediately dispatched Policemen Senteny and Ryan in hot pursuit.

That being Policeman Harry Ort's regular beat, he had a few minutes previously taken a car for the East End.

On his arrival he was put in possession of the necessary information, and together he and Roper took up the chase, one being armed with a shotgun, the other with side arms.

The men were overtaken and captured and returned and placed in jail as stated in another column of THE LEDGER.

This is written in order to give Mr. Roper credit for his sagacity and discernment, as well as to set forth the power of THE LEDGER in every field of usefulness.

It is the paper read by all people.

Now's the time to subscribe if you want the news hot from the griddle.

CAUGHT THE JAIL-BREAKERS

Carlisle Men Landed Yesterday Afternoon By Officer Ort

Jail-breakers from surrounding points must not come within the radius of a mile or so of Maysville if they don't want to be picked up.

As told in yesterday's LEDGER, officers here were wired to be on the lookout for Amos and John Rigg, white, charged with housebreaking, and Horace Amos, colored, charged with highway robbery, who escaped from jail at Carlisle Monday night.

It was at first thought that the men had stolen a couple of horses at Flemingsburg in order to put more distance between them and Nicholas county, but when first sighted by Officer Harry Ort near the Coal Docks East of the city yesterday afternoon, all were on foot, and seemingly still in good running order, notwithstanding their long tramp the past two days.

When apprised of the nearness of an officer the law they lit out, taking up the river bank.

Officer Ort went in hot pursuit and when near Springdale captured the men, who proved to be the Carlisle fugitives.

They were brought to this city and placed in jail, and when searched at the jail a \$20 bill was found secreted on the person of the colored man.

The Sheriff of Nicholas county arrived this morning and the fugitives were turned over to his keeping.

He will return to Carlisle with his prisoners this afternoon.

A Cure for Eczema.

My lady had Eczema so bad that its head was a solid mass of scabs, and her hair all came out. I tried many remedies but none seemed to do any permanent good until I used DeWitt's Witch Hazel Salve. The Eczema is cured, the scabs are gone and the little one's scalp is perfectly clean and healthy, and its hair is growing beautifully again. I cannot give too much praise to DeWitt's Witch Hazel Salve.—Frank Farmer, Bluff City, Ky.

In buying Hazel Salve look out for counterfeits. DeWitt's is the original and the only one containing pure Witch Hazel. The name of E. C. DeWitt & Co. is on every box. Sold by J. Jas. Wood & Son, Druggists.

THE LITTLE HOMESTEAD.

The closer to actual life, to the realistic atmosphere of the hearth and home a story is told, the more surely does it find a responsive chord within the heart. This is one of the chief charms of "The Little Homestead" which will be seen at the Washington Opera-house on Wednesday, March 2d. There is action in every moment of "The Little Homestead" and there is a bond of sympathy between the auditors and the characters made possible through the fact that a picture of everyday life and of heart-interest is being unfolded in the atmosphere of home. This happy conception is by W. B. Patton, author of "The Minister's Son," and is headed by William Macauley, supported by an unusually talented company of players. Tendency of the Times.

The tendency of medical science is toward preventive measures. The best thought of the world is being given to the subject. It is easier and better to prevent than to cure. It has been fully demonstrated that pneumonia, one of the most dangerous diseases that medical men have to contend with, can be prevented by the use of Chamberlain's Cough Remedy. Pneumonia always results from a cold or from an attack of influenza (grip), and it has been observed that this remedy counteracts any tendency of these diseases toward pneumonia. This has been fully proven in many thousands of cases in which this remedy has been used during the great prevalence of cold and grip in recent years, and can be relied upon with implicit confidence. Pneumonia often results from a slight cold when no danger is apprehended until it is suddenly discovered that there is fever and difficulty in breathing and pains in the chest, then it is announced that the patient has pneumonia. Be on the safe side and take Chamberlain's Cough Remedy as soon as the cold is contracted. It always cures. For sale by J. Jas. Wood & Son.

Muscular Rheumatism,

Sore Joints, Sore Muscles and Sore Feet make life miserable for hundreds of people who could get instant relief by using Paracamph. This wonderful external remedy relieves such ailments instantly, because when applied, it opens the pores, allowing the soothing, healing oils and camphor to penetrate directly to the seat of the pain, removing congestion and soreness and drawing out all fever and inflammation by causing perspiration. You do not take Paracamph—you rub it on, and it cools, soothes and cures. Don't argue—don't hesitate. Every bottle is guaranteed to do what we claim. Sold in 2c, 5c and \$1.00 bottles by good druggists.

With last week's issue, The Flemingsburg Times-Democrat rounded out a quarter of a century under Editor DULEY; and both paper and publisher bid fair to celebrate their semi-centennial.

OUR friends the Democrats have a mighty hard time keeping their consistency on straight. They are enthusiastically in favor of "local self-government;" and yet an up-country State Senator, Mr. CANTRILL, has introduced a bill in the Senate, providing for the sale of the Lonierville Waterworks without anybody saying a word about it to either of the Louisville Senators. It looks like there was a large-sized eat in the meal tub.

THE Mikado of Japan was not so busy with his own perplexing affairs a few days ago that he did not have time to send a message of condolence to the people of Baltimore after the terrible conflagration in the American city. Mutsu-Shiro is the descendant of a line of Emperors who have ruled Japan—actually or nominally—since long before the beginning of the Christian Era. In comparison with him the modern heads of the House of Romanoff and Hohenzollern and Hapsburgh are little better than pervens. Mutsu-Shiro is also the first actually ruling Emperor of modern Japan. The more the world sees of him the more cause it has to believe that he has few equals and no superiors among the sovereigns of the world at the present time.

THE ATTORNEYS for CALEB POWERS have engaged United States District Attorney R. D. HILL to brief the constitutional question which they claim has been involved through the alleged violation of the Fourteenth Amendment to the Federal Constitution.

WHEN the case comes before the Court of Appeals at Frankfort next month it will be argued that the Fourteenth Amendment to the Constitution was violated by Sheriff's who picked men of known antagonism to Mr. POWERS to serve on the Jury. The defense relied upon by the defense reads—

"No state shall deprive any person of the protection of the law."

IT is claimed that this protection, guaranteed to citizens by the Constitution of the United States, was denied Mr. POWERS at his former trials.

MR. HILL has been working night and day on the brief for several weeks, and expects to have it completed by March 1st.

Headwater tributaries are still rising.

The Virginia will probably leave Pittsburgh Saturday for Cincinnati.

The Catherine Davis and Florence Marmet passed up with empties.

Plenty of freight awaits the packets on their resuming their regular trips.

No more coal shipments will be made from Pittsburgh until all the ice has run out.

The Big Sandy Packet Company expects to send a boat out of Cincinnati today for Pomeroy.

Rivermen hope that navigation will not be again interrupted by the ice during the present winter.

The ice in the Monongahela and Allegheny rivers is still holding and the water pressure behind it is becoming enormous.

The J. B. Lewis and Val P. Collins are dropping coal down from the upper pool in the Kanawha river, and they will bring tons down tomorrow.

The Courier arrived this morning and will leave at 11 o'clock for Cincinnati; Tacoma for Pomeroy tonight. The gauge stands 16.6, a rise of 24 feet last night.

RHEUMATISM CURED

Never a Failure—and Not Single Cases, But Hundreds on Hundreds—THOUSANDS—Cured By the Famous Tonic.

PAINES CELERY COMPOUND.

They Were Racked—Crippled—Agonized—Despairing of Cure.

But They ARE Cured.

BY MR. JOHN JORDAN, 88 YEARS.

Twenty-eight Years He Suffered With Rheumatism and Heart Troubles—Not knowing the Cure Was Close at Hand, and that He Was Actually SELLING IT TO OTHERS.

I used to be very active, working outdoors in all kinds of weather.

"From the time I was sixty years old I was troubled with rheumatism, and at first kept it down pretty well—the pain of it—by rubbing with liniment. But this soon proved to be useless, as every winter my rheumatism came on worse than ever, and I suffered more or less all the year round.

"We had sold Paine's Celery Compound in our store for some time, but somehow I had never tried it for my rheumatism. A customer told my son that Paine's Celery Compound had cured her rheumatism, so I took her advice, and tried it myself.

"I was then going around with two canes and (being 88 years old) having a very hard time of it.

"Your remedy took the rheumatism out and I will say that I consider it a complete cure—

Wheat and flour scored another advance on the Cincinnati market Wednesday. Wheat sold at \$1.10 a bushel, as against \$1.10 Tuesday, and \$1.12 was asked. An advance of from 15 to 20 cents a barrel was made on different grades of flour.

It has just become known that the Wells-Fargo Express Company was robbed of \$90,000 two weeks ago at Irapuato, Mexico. Details are lacking. Superintendent Christensen of San Francisco, Superintendent Davis of El Paso, and several deputies are now at Irapuato endeavoring to run down the missing coin and locate the thieves.

Secretary Hay has received information that Japan has negotiated a treaty with Korea whereby she guarantees the independence and integrity of Korea and insures that country against the interference of other Nations. This is regarded as one of the cleverest of the many startling diplomatic moves that have been made in connection with the whole Eastern question. The effect is to place Japan on a high moral plane, for it is understood there that this treaty is an announcement to the world that even if she prevails in her struggle with Russia, involving military occupation of Korea, Japan will take no advantage of that fact, but will maintain the independence of the "Hermit Kingdom."

On the other hand, the Russian note complaining of the violation of Korean neutrality by Japan is believed to be intended to pave the way for future heavy reclamations, indeed involving the seizure of Korea and its annexation for violation of neutrality in the event that Russia triumphs in the present struggle.

The official bulletin given out at St. Petersburg to the effect that the Japanese fleet had been defeated in another attack on Port Arthur with the loss of four battleships and two cruisers is not credited at the Admiralty offices in London. The Japanese Minister, Baron Hayashi, has received no intelligence of another naval engagement, and English naval officers called attention to the mention of the Russian battleship Retzian in the dispatch to the French news agency. The warship was one of those disabled and seriously damaged by torpedoes in the first midnight naval engagement at Port Arthur, and according to the most reliable reports was so seriously injured that there was no hope that repairs could be made, with the facilities at hand in Port Arthur, in time to place it again in commission for months to come. There has been no reason to discredit the truth of these reports, and because of the vague nature of the bulletin given out at St. Petersburg and the general lack of confirmatory details, English officers are convinced that the reports which are far from confined only to Russian and friendly French sources have been grossly exaggerated.

A WOMAN'S COMPLEXION.

It is rank foolishness to attempt to remove sallowess or greasiness of the skin by the use of cosmetics, or "local" treatment, as advocated by the "beauty doctors." The only safe and sure way that a woman can improve her complexion is by purifying and enriching the blood, which can only be accomplished by keeping the liver healthy and active. The liver is the seat of disease and blood pollution. Green's Angust Flower acts directly on the liver, cleanses and enlivens the blood, purifies the complexion. It also cures constipation, biliousness, nervousness, and induces refreshing sleep. A single bottle of Angust Flower has been known to cure the most pronounced and distressing cases of dyspepsia and indigestion. New trial size bottle, 25¢; regular size, 75¢. At Henry W. Bay's Drugstore.

The St. Louis Grand Jury has made another quick record in the investigation of a case growing out of the carriage drivers' strike, when it voted indictments charging Thomas McLespy of St. Louis, Frank C. Gettings of East St. Louis and Michael Ryan of Chicago with assaulting a carriage driver. The Chief of Police had the prisoners brought to his office and received admissions that they had been connected with the Chicago and East St. Louis strike troubles.

HUNG JURY

No Agreement Reached in Damage Suit of Hurst vs. Davis

The \$10,000 damage suit of Mabel Hurst against Dr. J. D. Davis terminated in the Circuit Court yesterday in a hung jury.

When the trial first began one of the jurors was taken sick, and the attorneys agreed to proceed with eleven. After hearing the case six of these were in favor of Dr. Davis and five against him.

Upon reporting to Court that there was no possibility of an agreement, the Jury was discharged and the old straw will be threshed over again.

HARD TO EXPLAIN

If This Had Occurred Anywhere Else Than Maysville Our Readers Might Doubt It.

It's hard to explain how the public can continue to doubt in the face of such evidence. If this were published anywhere else than in Maysville, if the statement given below went the rounds of the press, readers in Boston or New Orleans might doubt it. But it's very different when the testimony given comes from a friend, perhaps a neighbor. It is public expression of a local citizen, and can be easily investigated.
